

We help parents find
and keep the right nanny
for their family.

We value quality and longevity

When we connect you with a nanny, you'll have peace of mind knowing each nanny has been met personally and carefully vetted for experience and reliability. We look for:

- Mature and empathetic carers
- Permanent residents and Australian Citizens
- Tertiary educated carers and teachers
- Experience working with children and families
- People who have that spark, communicate effectively and smile throughout their day

How it works

We employ our nannies so that you can enjoy nanny support without the admin. Here's how it works:

- Let us know your family's needs
- We'll send profiles of our best-suited nannies for you to interview
- If there's a match we'll set you up for a long-lasting relationship with a supporting agreement
- Your nanny will clock in and out using our time tracking app
- You will receive a weekly statement for direct debit

Rates and fees

Rates start at \$30 an hour and are inclusive of salary, WorkCover, private and public indemnity insurance, superannuation, agency and payroll fees.

Bookings longer than 3-months require a placement fee of \$490. This covers a six-month replacement period.

A placement fee is not required for bookings less than 3-months. Casual rates apply.
